

Mammuz

PRODUCT-INFO

- Bluffing, cheating, having fun
- A card game for large groups
- Beautiful animal illustrations

In Mammuz, cheating is allowed – and is probably the only way to win. All players try to get rid of their cards as quickly as possible. A mouse might be passed off as a mammoth; and dinosaurs, considered extinct for a long time, cause a lot of chaos. You can cheat to your heart's content – just don't get caught!
